"I love Drew because it feels like family! In my 16 years working at the school, I have had the pleasure of seeing "cradle-to-college" go from being an idea to a way of life! Drew cares about the total student and is committed to cultivating an environment that supports students, parents, staff, and community through its many partnerships and initiatives such as the Drew Opportunity Fund. I love this and it's why I look forward to supporting it every year."

DONNA GAUDIN,
Elementary Academy Secretary

"Thank you all for this much needed support during this difficult time. Asking for help is very hard for me and I am very grateful."
